

*Nigerian-American Community Association (U.S.A.), Inc.*

## *President's Message*

June 2, 2015

Dear Members & Friends,

The past two years has been very challenging for the association. Many events happened, leading our Board of Directors to unanimously decided to change the way we conduct the peoples business by restructuring the Executive Office. Hence, I was brought back to lead the association once again.

While I wholeheartedly embrace the challenge, I know I can not do it without your support. To those of you who knew and worked with me in the past, I'll let my record of dedication and accomplishments speak for itself. Those who are looking to become a member, I welcome you in advance.

Look forward to dedicated leaders who will serve you with honor, integrity, consistency and transparency. Again, I look forward to meeting and listening to each and every one of our members individually. After all, the association is about you.

To all our members, thank you for the confidence. Now, let's roll up our sleeves and get back to the people's business. After all, that is what we are about. Remember, "the journey of a thousand years usually starts with one step" Instead of complaining about something, think of what you can do to fix the problem. In other words, "be the change you will like to see in others"

Continue to be kind, friendly, and loving to each other. God Bless.

Sincerely,  
O. Ajayi  
President
